- b. Invoice number quoted on Packing List
- c. Number of cartons received
- d. Item and quantity short shipped
- e. A copy of the delivery receipt from the transport company that delivered the shipment.

Collection of Back Order

In order to safeguard ethical conduct and effective back order collection, all collections must be accompanied by the packing list (pink copy).

Ordering symbols

When Amway does not have stocks of an item you ordered, one of the following abbreviations will appear on your Packing List or SA-2.

TNA	“Temporarily Not Available”
NLA	“No Longer Available”
NYA	“Not Yet Available”
B/O	“Back Order” (BV credited and payment received)
A/O	“Advance Order” (deposit required, BV not credited)

Distributor may request that a Credit Note be issued for any item in an order that is TNA, NLA, NYA or B/O. Unless specifically requested, items falling into one of these four categories will be handled separately. When a Credit Note is requested, BV and PV for that order will still be credited. The Credit Note may then be used as “cash” on any future order. The “cash” value of the Credit Note will be deducted, and BV& PV will not be given when the Credit Note is redeemed.

Returns Policy

1. Amway accepts returns of BV items but does not accept return of literature, audio-visual aids, pins, plaques, forms, accessories, and other promotional items and sales aids for replacement, or refund by Credit Note from operating Amway Distributors.
2. Full Business Kit is refundable only if the Distributorship is current. (Please refer to SA88 Application Form for further details on resignation refund.)
3. Amway will not accept returns of any item that is not currently available for sale. Products that have become NLA (no longer available) may not be returned after six months from its date of discontinuance.
4. In order to safeguard ethical conduct and effectively process merchandise returns, all goods returned must be accompanied by the packing list (pink copy) and the Customer Receipt (SA107), where applicable.

Return of Products Purchased During Promotions

1. In addition to the usual charges of 5% imposed for the return of excess stocks that are currently available for sale, charges are levied on the promotional premium items.
2. Thus, when making any product returns, all premiums given or purchased during promotions must be returned unused. Charges of premiums will be levied when:
 - Premium(s) is used
 - Premium(s) is no longer available (NLA)
 - Promotion period is over
3. As most premiums are heavily subsidized by Amway, the charges will be the difference between the recommended retail price and the promotional price of the premium.
4. A return statement for Credit Note or cheque will be issued to Distributor by mail two weeks after product returns.
